

## Exercise 1

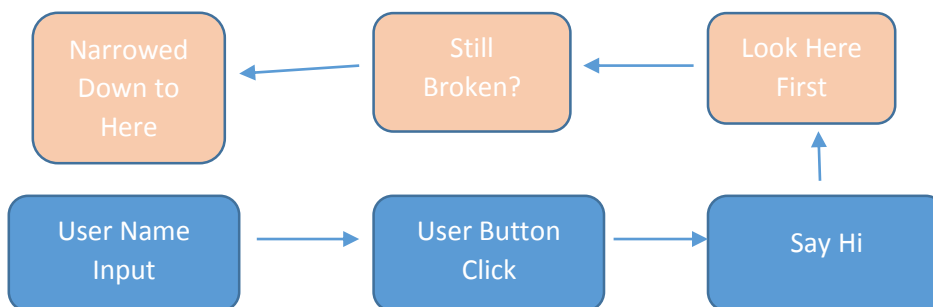

### Steps to Making a Peanut Butter & Jelly Sandwich

1. Stage the Following: 1 Jar Peanut Butter, 1 Jar Grape Jelly, 2x Slices Bread (your choice of bread), 1x plate, 1x Butter Knife
2. Position the bread slices on the plate side-by-side
3. Hold the Knife by the handle and use it to scoop about 2 oz. of peanut butter out of the jar & spread the peanut butter from the knife evenly onto one side of 1x slice of bread.
4. Hold the knife by the handle and use it to scoop about 1oz. of grape jelly from the jar & spread it over the peanut butter you spread onto the slice of bread in step 3
5. Place the slice of bread without peanut butter and jelly on it on top of the slice of bread with the peanut butter and jelly on it so the peanut butter and jelly is covered by the other slice of bread.

## Exercise 2

Follow the steps backwards until we find the last step that worked correctly

## Exercise 3

## Exercise 4

Issue: At times, when I load content on our company's Learning Management System (LMS) website the content does not appear. Here is the problem solving roadmap I use to back-track into the issue to discover a solution:
